Survey - Experimental resurvey - South Kanara District - Check of resurvey records.

In my letter, R.O.C.76/B&C.29-5, dated 19-4-29, I have proposed that field work in the Mangalore Taluk may be postponed for some months. This proposal does not apply to the two experimentally resurveyed villages in the taluk in respect of which there is no difficulty in continuing the work which will be carried out on the same lines as those outlined in my letter R.O.C.327/Mis. of 29-2, dated 17-4-29, in respect of similar villages in Puttur, Coondapur and Udipi Taluks. There is however one point on which I have to seek the orders of the Board. According to the simplified system of resurvey and resettlement approved in the G.O. communicated with B.P. No.85,Press, dated 9-11-27, objections to rough pattas are to be heard by Special Deputy Tahsildars. There are no Special Deputy Tahsildars working at present in South Kanara and I do not think it necessary to appoint one for a short period for the sake of these few experimentally resurveyed villages (2 in Mangalore and 6 in Puttur, Coondapur and Udipi). I therefore submit that the Special Assistant Settlement Officer at Kasaragod may himself conduct the rough patta objection hearing in the above villages.

P.T.O.

. 2. I request the favour of the Board's approval of my proposals.

L Padmanabha Rao
Special Settlement Officer.
